Thursday	Dr. J. Ffoulkes Edwards	
Times by appointment.		

Fractures :

Wednesday and Saturday		10 a.m.
------------------------	--	---------

Diabetic :

Monday, Tuesday, Thursday, Friday, 10 a.m. to 1 p.m. (No appointment required).		
---	--	--

Dental :

Tuesday	Mr. A. H. Fuller
Wednesday	Mr. C. E. Turner
Thursday	Mr. E. J. Cloke
Friday	Mr. Graham Cotterell

Patients are seen by appointment only, except in cases of urgency. Appointments should be obtained in advance from the Almoner. Sessions are subject to revision.

FOREWORD.

The fourth year of the War has passed—another year of nerve tension and of strain. The effect of all this can be detected in the faces not only of those who seek sanctuary at Queen Mary's but also in the faces of that gallant band of men and women who serve the hospital in so many different capacities. I, who have handed over my active duties to others, am in a position to pronounce on that service, and I can say to our Governors, and to all who may read these words, that we owe them a deep debt of gratitude which no words adequately can express. No praise can be too high for their services.

I sometimes feel amazed at the constant devotion, the courage, the self-sacrificing work carried on year in year out, by all connected with our Hospital. Nothing daunts them however unpleasant their duties, however difficult their tasks. They grow old in the service of the Hospital and they are happy in so doing.

There must be something great and grand which keeps so many men and women of different thoughts and beliefs bound together in this common cause, in cheerful and happy sacrifice. We are passing into a New World. We shall try to make it an improvement on the old one, but I cannot help feeling that, in spite of the many changes which are coming, the wonderful work of the Voluntary Hospitals should be retained.

Voluntary service and sympathy freely given to those in trouble whether of body or of mind—in fact I call it by the simple word 'love'—is one of the most priceless jewels in this imperfect world and it would surely be the height of folly to cast it aside.

I am certain that we all welcome a better and more comprehensive health service. Efficiency? Yes, and with State aid, but let us be careful that love and sym-

pathy are not squeezed out, for they mean much in producing a happy and beautiful mind and a healthy body.

The years pass and some great workers fade away from our sphere for a variety of uncontrollable reasons, but Queen Mary's and its work goes on. The reputation of our Hospital stands high. The year has seen a great work carried out—that work is more than ever necessary.

The fifth year, we pray will bring Victory complete, but it is possible that for a few months we may be tested to an even higher degree than ever before.

While devoting most of my space this year to a tribute to those who serve, and have served, Queen Mary's so well, I would conclude by appealing to others from near and far to rally to us and help us in our work. I know your welcome will be a warm one. I am certain you will never have any regrets.

C. E. Leonard Lyle.

OBITUARY.

It is with profound regret that your Committee record the deaths of:

Mr. H. Roper Barrett, a Vice-President, who, at all times extending over a great many years, was keenly interested in the Hospital and all its activities. A great sportsman and a loyal friend.

Mrs. Phoebe Nathan, a Vice-President, who in the years gone by presented various articles of equipment for the old and present Theatres.

Mr. Fred Stoker, Hon. Aural Surgeon, from 1919 to 1932. In recognition of his long and unstinted services he was appointed Hon. Consulting Aural Surgeon upon his retirement from the Staff.

Miss Hilda Slann, formerly Sister of the Maternity Department, who passed to the higher life in October.

MEMORIAL SERVICE

The Late Lady Lyle.

Early in January a Memorial Service was arranged at St. John's Church, Stratford, to the memory of the late Lady Lyle. The Rt. Reverend the Bishop of Barking assisted by the Reverend Allen Weir, M.A., Honorary Chaplain to the Hospital, conducted the service. The congregation included representatives of the Hospital and the many organisations and associations in which Lady Lyle had deep interests, which were so generously helped by her. The Mayor of West Ham and Representatives of the Civic Authorities also attended to pay their tribute to the memory of one who was so universally loved and respected.

REPORT FOR THE YEAR 1943.

The General Committee of Queen Mary's Hospital for the East End (Incorporated) have pleasure in submitting to the Governors the Annual Report relating to the year ended 31st December, 1943.

The fifth year of the War finds the Hospital functioning to the full extent of its limited capacity. Despite the damage to many of the buildings, and that at one time the whole Hospital was out of action, there are now 161 beds available for the treatment of patients. Beds reserved for Emergency needs are included in this number. The demand of the Services for medical personnel has resulted in difficulties in filling vacancies occurring on the Resident Medical Staff. These appointments have been reduced to a bare minimum. The appointment system in the Out-patients Department continues to work satisfactorily.

Visitors.

On March 1st **Her Royal Highness The Duchess of Gloucester** accompanied by the Hon. Miss Gwendoline Meysey-Thompson, visited the Hospital Wards and various departments, and inspected the War damage. Her Grace spoke to every patient and had a sympathetic and cheering word for each.

In May, **The Lord Mayor of London—Alderman The Rt. Hon. Sir Samuel Joseph** accompanied by the **Lady Mayoress**, the Sheriffs and their Ladies, visited the Hospital. In each of the Wards they spoke to some of the patients and were particularly interested in the children. The visitors took the opportunity to inspect the Operating Theatres and were impressed by the lay-out and the excellent equipment.

Her Grace the Duchess of Marlborough after opening a "Dig for Victory" Exhibition arranged by the Rotary Club of West Ham in aid of the Hospital in September, extended her visit to include the Hospital. Her Grace spent considerable time in making a tour of the Wards and other buildings and conversing with patients and Staff.

“ Bundles For Britain.”

During the year a further gift of £61 17s. 7d. was received from Bundles for Britain, Incorporated, new York. In all, the splendid sum of £8,525 16s. 3d. has been contributed through this wonderful organization in addition to many hundreds of pounds worth of Hospital supplies, garments and necessities. Your Committee again place on record their gratitude to the generous people of America for these munificent gifts.

King Edward's Hospital Fund for London.

Your Committee gratefully acknowledge the receipt of the sum of £5,000 from this source. On July 16th Sir Herbert B. Cohen, Bt., O.B.E., and Dr. H. Morley Fletcher visited the Hospital as representatives of the Fund.

Annual Appeal.

It is with the greatest pleasure that your Committee record the fact that Sir Leonard Lyle kindly consented to allow the Annual Appeal to be made in his name. By the end of 1943 the total amount received was £4,541 5s. 9d. and at the time of going to press the amount has reached £5,184 17s. 9d.

“ Margaret Lyle ” Maternity Department.

In response to the urgent need—both national and local for Maternity accommodation—the “ Margaret Lyle ” Maternity Wing was re-opened on June 30th.

Miss Florence Horsburgh, C.B.E., M.P.—Parliamentary Secretary to the Ministry of Health—performed the Re-opening Ceremony and the Bishop of Barking conducted the service of Re-dedication. Sir Leonard Lyle, accompanied by his daughter, Mrs. Thomas Skyrme, were in attendance, as were also representatives of local Authorities and Members of the Committee and Staffs.

During the six months to 31st December, 229 mothers were admitted and 192 babies (104 boys and 88 girls) were born. The numbers will, of course, be proportionately larger when the Department has been occupied during a complete twelve months, and the “ bookings ” have been fully maintained.

The "District" Service has been in operation throughout and during the last twelve months, 86 mothers were attended in their homes, 32 of the babies being boys and 54 girls. Domiciliary visits made by the midwives numbered 1,724. Attendance at the Ante-natal clinics were 3,806.

Ladies' Linen League.

The Annual Display and Ceremony of handing over the articles of linen made and purchased during the year, took place at the Hospital on November 25th. Mrs. Ernest Ward—whose work for the Hospital is so well known—presented the gifts, which were accepted by the Chairman of the Hospital, Mr. Bernard T. Hempel, O.B.E., J.P. A large number of friends and well-wishers attended to support Mrs. Stanley Clarke, who occupied the Chair. Among its many activities this energetic body arranged a War-time Sale of Work with great success. Mrs. Thomas Skyrme very kindly opened the Sale.

Grateful thanks are due to the League and all its members and friends, and particularly to Mrs. Stanley Clarke, Chairman, Miss Berry, Hon. Treasurer; Mrs. Blackburn, Hon. Secretary.

The number of articles presented was 1,851 and the estimated value was £954 3s. 5d.

Birthday Scheme.

The total receipts of the Birthday Scheme since its inception amount to £1,077 13s. 5d. The attention of all friends is drawn to this Scheme and applications for membership will be gratefully received.

Pathological Department.

The work of this department continues to increase in volume and your Committee again extend their thanks to Dr. Arthur Davies, Hon. Consulting Pathologist, Dr. W. W. Walther, Director, and Mr. F. Cooling, the Senior Technician.

School Children's Fund.

It is with the greatest pleasure that your Committee have to acknowledge the increased amount from the Committee of this Fund. The return of so many children and

teachers to the neighbourhood and the consequent re-opening of the Schools, enables the members to revive in some measure their previous efforts to help the Hospital. It is hoped that as time goes on, the Hospital will receive still greater benefit from their labours.

Thanks are again due to the Committee of the Fund and to its Officers, Mr. F. V. Hawkey, Chairman; Mr. F. C. Woodman, Honorary Secretary, for their handsome gift of £495.

Aid Committee.

As a result of their increasing efforts the Aid Committee were able to hand over the splendid sum of £1,500 during December, of which £1,000 was earmarked for the Endowment of a Bed. Thanks are recorded to the members and to Mr. F. C. Pallett its Chairman, and to Mr. L. J. Cleminson, the Honorary Treasurer. This acknowledgment would be incomplete were not some reference made to the great service of Mr. F. Newland, who has been associated with the Committee since its inception in 1902, and its Hon. Secretary since 1905. To his untiring energy have been mainly due the successful results that the Committee have achieved and more particularly is this so during later years.

Nursing Staff.

The record of passes for the State Examination continues to be highly satisfactory. During the year the undermentioned results were obtained:—

	Entered	Passed
State Finals ...	15	12
State Preliminary...	9	8
Hospital (Internal)	14	14
Invalid Cookery ...	10	9—1st class 1—2nd class

Congratulations to the Sister Tutor and all those responsible for the training on the high percentage of passes.

Out-Patient Department.

At the beginning of the year the Out-patients Department, which on the outbreak of War had been requisitioned for the establishment of a First Aid Post, reverted to its original use. Arrangements were made for Air Raid Casualties to be treated through ordinary departments of the Hospital.

Patients.

During the year 2,194 In-patients were treated. These came from the following districts:—

West Ham	1,076
East Ham and Manor Park	355
Leyton and Leytonstone	211
London	36
Woodford and Wanstead	48
Ilford	151
Walthamstow	9
Chingford	17
Dagenham	89
Barking and Becontree	82
Romford	16
Essex	51
Other Districts	53
	<hr/>
	2,194
	<hr/>

A total of 21,516 New Out-patients was recorded. Total attendances of all classes of Out-patients were 79,619.

Your Committee gratefully acknowledge the receipt of the undermentioned gifts:—

Endowments.

Medical Staff Appointments.

The following appointments have been made during the year:—

Miss H. M. Denton, M.B., B.S., Hon. Anæsthetist to the Ear, Nose and Throat Department.

Miss M. I. Baddeley, A.S.S.T., has been appointed to conduct a Speech Clinic formed in connection with the Aural Department.

V.D. Clinic.

In view of the National outlook in the matter of the provision of Centres for the treatment of Venereal Diseases arrangements have been made for the formation of a Clinic at the Hospital. The establishment has been undertaken in conjunction with the Ministry of Health and the West Ham Council, and Dr. F. G. Macdonald has been appointed Director of this new Department. It is hoped to have the Clinic in full working order early in the New Year.

West Ham Civil Defence.

In addition to undertaking the protection of life and property endangered through enemy action, the members of the West Ham Civil Defence have shown that they are ready to help the children in the event of sickness.

With this end in view they set to work to raise £500 to endow a cot in the Children's Ward. So successful were their efforts that they were able to raise £1,000 with which to endow two cots, and in addition, to contribute the sum of £50 to provide linen, etc.

The thanks of the Hospital Authorities are due to the Committee, the Officers and the Wardens of the Civil Defence for their magnificent efforts to bring about such satisfactory results.

Thanks.

Grateful thanks are hereby tendered to:—

Mr. C. F. Clarke for weekly supplies of vegetables.

The British War Relief Society of the United States of America for a large consignment of garments, toys and other articles.

The Committee of Managers of West Ham Park and to Mr. R. J. Woodend, Park Superintendent, for a continuous supply of vegetables grown in the Nurseries in the Park.

All those friends who, throughout the year, sent help in money or in kind and organised entertainments in support of the Hospital.

The Rev. Allen Weir, M.A., Hon. Chaplain for his Ministrations and visits.

The Clergy of all denominations for their help and for their offerings during the year.

Messrs. Hilleary for advice and service in their capacity as Honorary Solicitors to the Hospital.

Mr. Granger, Milk Analyst, for his gratuitous services rendered during the year.

The Salesmen of Stratford Market for gifts.

The members of the "K" Division Metropolitan Police for their unfailing help and co-operation.

Mr. J. G. Read for his help in many directions.

All those who have so freely given of their blood in connection with the Blood Transfusion Service.

Commandant S. Wade and other Ranks of the 55th Detachment of the British Red Cross for their devotion to duty and for sleeping on the premises to be on hand ready for instant service if required.

The Press for giving space to advertise the needs and activities of the Hospital and its associated Committees.

The L. & N.E. Railway (G.E.R. Section) Workmen's Hospital Committee for their continued support.

Mr. Geoffrey Howard for gifts of Periodicals throughout the year for the Nurses.

The Managers of the Broadway Cinema and the Rex Cinema for kindly granting passes to the members of the Nursing Staff, and to the Managers of many London Theatres for their gifts of tickets.

Mr. G. N. Kent, L.R.I.B.A., for his gratuitous services as Architect.

Mr. C. A. J. Hunter, F.I.M.T.A., A.S.A.A., Honorary Auditor, and his Staff for their services in connection with the Audit of Accounts.

Mrs. Ernest Ward for gifts of children's woollies.

Tennis for the Hospital.

A most enjoyable evening was arranged at the Linkside Tennis Club grounds, Wanstead, in August, when an Exhibition of Tennis was given by Stars of the Tennis world. Miss Billie Yorke and Mrs. E. Peters, Mr. G. P. Hughes and Mr. I. C. Warboys received a warm welcome from an enthusiastic audience. Thanks are due to these Ladies and Gentlemen and to Mr. Herbert Brown, the members of the Club, Mr. Kerry and all responsible for the excellent arrangements and splendid results obtained.

Staff.

The Rushcliffe Scale of salaries for the Nursing Staff and the Hetherington scale for the Domestic workers have been adopted and are in full operation. The scales are a great improvement on the rates that were previously in existence.

It is desired to place on record grateful thanks to every member of the Staff—both professional and lay—for services efficiently rendered.

Christmas.

Although unable to arrange for Christmas festivities on the pre-war scale, yet a very enjoyable time was spent by all at the Hospital. This was made possible by the

many gifts and donations sent to Matron's Christmas Fund. The kiddies too were not neglected and each received toys. Thanks are due to:—

Their Royal Highnesses The Duke and Duchess of
Gloucester,
The Woodford Green Toy Circle,
The British Red Cross Society,
St. John's Church, Stratford, Guides, Rangers and
Brownies,
St. John's Church, Barking, Guides,
W.A.A.F. (Entertainments Officer),
Sussex Lone Rangers,
The Misses Bush.

for gifts of Toys, to all who sent donations, turkeys and other seasonable presents, to the Nurses particularly and all other members of the Staff for the trouble taken to ensure that a good time should be had by all.

A Wedding.

A somewhat unique event occurred in January, when Mr. B. G. Spiers, F.R.C.S., the Resident Medical Officer, was wedded to Miss Doreen Lawrie, S.R.N., the Theatre Sister. After a short honeymoon both returned to their various duties. To mark the occasion and in appreciation of the excellent service which these officers had given to the Hospital during their association with it, the Bride and Bridegroom were presented with a Silver Inkstand suitably engraved, together with a cheque contributed by their colleagues.

West Ham and Districts' Horticultural and Chrysanthemum Society.

It is with deep regret that your Committee learned that this old established society ceased to exist owing to the dispersal of so many of its members. Instituted approximately 50 years ago, the Society has contributed to the Hospital many hundreds of pounds through its annual Exhibitions of blooms and vegetables at the Town Hall. Your Committee desire to place on record their thanks to the members of this Society and particularly to

Mr. Alderman E. W. Wordley, J.P., the Chairman, and Mr. Councillor A. E. Cresswell, F.R.H.S., the Hon. Secretary, for their outstanding interest in this connection.

In Conclusion.

No record of the work of the Hospital would be complete did it not contain mention of the enormous amount of time which your Chairman, Mr. Bernard T. Hempel, continues to devote to its affairs and policies, and an expression of appreciation of his sustained and untiring labours. Your Committee extend their thanks to him and to Mrs. Hempel, who is ever ready to support her husband's efforts.

By order of the Committee,

F. NEWLAND,
Assistant Secretary.

REPORT OF THE HONORARY MEDICAL STAFF.

In the fifth year of the war, the freedom from air-raids has enabled us to settle down into an even more normal routine than we enjoyed during the previous year.

In-patient admissions, as well as out-patient work, has been maintained at a satisfactory level. We are still transferring to Sector Hospitals many cases that could have been treated here, but for the fact that our bed accommodation is limited through the loss of Westminster and Withers Wards and the persistent demand of the Ministry of Health that a percentage of beds should remain vacant awaiting a possible emergency.

The feeling grows that it would be more satisfactory to permit a still further return to normality in view of the needs of the population now returned to this industrial area. There is also no doubt that further bed accommodation is needed.

During the past year "Lyle" has again been opened up and rapidly booked to capacity, giving ample proof of the great need in this area for maternity beds, especially where full operative facilities are available for every obstetric emergency. The re-opening of the "Lyle" Block permitted the re-opening of the training school for midwives which once more flourishes.

Medical staff attendances have been maintained at a high level in spite of the numerous calls that are made to-day on consultants and the increasing difficulty in travel. We welcome the return of our Senior Physician, Dr. Osman, for a monthly visit in a consultative capacity on cases of medical diseases of the kidneys and trust that he will soon be able to take up his usual attendances once more. Dr. Fletcher, on the other hand, has unfortunately been compelled to reduce his visits to once a month owing to pressure of work in other hospitals. Mr. Small, having relinquished his commission in the Royal New Zealand Air Force, has resumed his duties as Assistant Surgeon. We offer him our congratulations on his recent appointment to the Surgical Staff of Great Ormond Street Children's Hospital.

An important innovation during the period under review has been the opening of a Speech Clinic under

Speech Therapist, Miss M. I. Baddeley, A.S.S.T. At present there is only one weekly session, but further sessions will soon be necessary as the work grows. This rapid growth in a newly formed special clinic is once again convincing proof—if ever such was needed after our previous experiences—that this district cries out for the very fullest facilities in all and every special branch of the healing art. Although present times are perhaps not propitious for building, yet it might well be that skeleton outlines and organisations of new and modern departments might now find their place in planning for the future.

The unavoidable delay in construction of the new department for the treatment of Venereal Diseases has postponed the opening of this Clinic, but we hope that all difficulties have now been surmounted.

The department of physical medicine will shortly be housed in the Solarium and will continue its valuable work there.

There can be no doubt, however, that one of the first post-war considerations in reconstruction and planning must embody a new, enlarged and modernised physio-therapeutic department, which plays a most important part in the re-fitting of the invalid for the stresses and strains of life.

Difficulties lie ahead as we seek to keep up our hospital services. The calls of the Central Medical War Committee upon our quota of resident Medical staff are, by further depletions, laying heavy burdens on them.

The Honorary Medical Staff again records its appreciation both of the loyal services of its Emergency Medical Senior Surgeon, Mr. Spiers, who also continues his duties as Resident Medical Officer, and of the work of the Resident Medical Staff who carry out their duties recognising the difficulties and giving of their best.

ALMONER'S REPORT.

10th February, 1944.

The re-opening of the Lyle Maternity Wing in July, 1943, brought the general duties of the Almoner's Department up to the pre-war level, so that the additional work required for the Ministry of Health and the Ministry of Pensions has made the past year an extremely busy one.

More children were sent to Convalescent Homes during 1943, and I am glad to say that we have been able to convalesce many more adults, as the Ministry of Health Home at Haileybury took 54 of our patients direct from the wards. In addition, we have arranged the transfer of 698 patients to the Base Hospitals or Treatment Centres.

The Road Traffic Act patients again showed a decrease in number; many of these also were transferred to special centres after a short stay in our wards, which accounts for the comparatively small sum of £71 6s. 0d. being collected for their treatment here.

Children's Convalescence.

Number of children sent away	36
Number taken over by local Authorities...			3
Remaining from 1942	3

Average length of stay per child—9½ weeks.

Average cost per child—£11 3s. 10d.

Average cost per child to the Children's Convalescent Home Treatment Fund after allowing for payments collected from parents and other sources—£3 2s. 2d.

General Figures.

Convalescence	130
Service and Civil Defence Patients	747
Interviews of new Out-Patients	10,880
Massage assessments	891
Splints	278
Dentures	410
Inquiries	201
District Nurse Cases	15
In-Patients	1,916
Maternity Patients	661
Road Traffic Act Cases	-154
Total					16,283

In conclusion, I should again like to record my appreciation of the co-operation by the Medical, Nursing and Administrative Staffs with this Department.

K. R. SNELL,
Almoner.

STATISTICAL TABLES.

QUEEN MARY'S HOSPITAL FOR THE EAST END.

*Statistics for Year to 31st December, 1943.
Compared with those of the previous Year.*

BERNARD T. HEMPEL, *Chairman.*

H. STANLEY CLARKE, *Chairman of the Finance Committee.*

We have examined the Books and Vouchers relating to the foregoing Revenue Account and Balance Sheet and certify that the latter is a true summary thereof.

We have verified the Investments and Bank Balances.

To the best of our knowledge and belief the regulations of the Revised Uniform System, as modified by the instructions of King Edward's Hospital Fund relating to the treatment of Free Legacies, dated December, 1940, have been followed.

The income shewn in the Income and Expenditure Account under Government Emergency Hospital Scheme is subject to adjustment by the Government.

(Signed) C. A. J. HUNTER,

*Fellow of the Institute of Municipal Treasurers and Accountants (Incorporated),
Associate of the Society of Incorporated Accountants and Auditors.*

G. H. MCCARTHY,

Associate of the Society of Incorporated Accountants and Auditors.

Signature of Witness

Address

Description

LEGACIES.

The Committee desire to call the attention of those interested in the Hospital and others to this source of income, and hope in future that the Hospital will appear more frequently in WILLS & BEQUESTS.

A Form of Bequest will be forwarded
on application.

Owing to the National need for economy in the use of paper, the Annual Report for 1943 is issued in an abridged form. When conditions become normal the usual features, and new ones, will be incorporated.

Although, therefore, the acknowledgment of subscriptions, donations, and gifts of all kinds is temporarily suspended, the Committee are nevertheless grateful for the help so generously given.

SPECIAL NOTICE TO SUBSCRIBERS AND OTHERS.

Have you considered that the value of your subscription may be doubled without cost to yourself?

Inserted will be found a Form of Covenant which, when completed, will enable the Hospital to recover from the Inland Revenue Authorities, a repayment of Income Tax.

While Income Tax remains at 10/- in the £ the amount recoverable is equivalent to the amount of subscription paid.
